## Canton's Vice Probe Jury May Be Dismissed

CANTON, Ohio (AP) — James Tidball, foreman of the special grand jury investigating gambling and vice in Stark County, says he will ask Monday that the jury be dismissed.

Tidball said Thursday he believes the jury, ordered a year ago by Gov. Michael V. DiSalle, no longer serves a useful purpose.

## Scandinavians Rap Ike for 'Blunder'

STOCKHOLM, Sweden (AP) — The Scandinavian press today charged President Eisenhower with risking U. S. relations with foreign friends to make political capital at home.

In their second day of heated comment, Swedish and Danish newspapers said the President had blundered and didn't know what he was talking about in his remarks to a Republican party gathering in Chicago Wednesday.

Advocating a middle-of-the-road policy, Eisenhower cited the "soaring record of suicides, drunkenness and lack of ambition" in a friendly European nation with a Socialist system. He didn't name the country, but Norway, Sweden and Denmark all have socialist governments.

## County Awaits Opening of Fair Monday

All Pickaway County awaits the opening of the Fair Monday night.

This annual agricultural exposition is one of the highlights of the year for most folks in this community.

This year an improved Fair is on the ticket. New facilities, including a concrete grandstand; new programs and new faces, are promised fair-goers.

Tickets for the Fair are available at the Fairgrounds Coliseum or from members of the Society, which operates the Fair. Opening event Monday is dedication of the new grandstand and later a music festival. Starting Tuesday will be judging of livestock and other farm products.

## Cycle Driver Hurt in Crash On Main St.

Roy Starkey, 41, Williamsport, was injured at 4:30 p.m. yesterday when the motorcycle he was riding collided with a car on W. Main St. near the Norfolk & Western Railroad crossing.

Starkey suffered a fractured left leg and abrasions of the left arm. He was given emergency treatment at Berger Hospital, then transferred to Mt. Carmel Hospital, Columbus.

The auto was operated by Edmund R. Carlon, 35, Bellefontaine. He was not hurt.

Patrolmen Donald Adams and Gerald Goldsberry said both vehicles were headed west. Starkey told officers the handlebars of his motorcycle caught on the right rear fender of the car.

ADAMS and Goldsberry said the cycle was dragged several feet and the driver thrown to the street. The patrolmen said the motorcycle was heavily damaged. The auto was dented and scratched, they said.

## Firemen Called To Barn Blaze

The Circleville Fire Department was called to a barn fire at 3:05 p.m. yesterday at the Pickaway County Children's Home.

Firemen said the blaze was doused when they reached the scene. No damage was reported. According to firemen, the fire possibly was caused by a youth playing with matches. They said a small area of straw burned.

The flames were extinguished by an employee of the home. Deputy Sheriff Homer Adams investigated.

# Nixon Launches Campaign For Job in White House

## 'Great Debate' Faces Nominees On Television

Kennedy Is Quick  
To Accept Idea;  
Nixon's Reply Awaited

NEW YORK (AP) — An unprecedented face-to-face television debate series appears likely between presidential nominees.

At Hyannis Port, Mass., Thursday, Sen. John F. Kennedy, the Democratic nominee, quickly accepted an invitation from Robert W. Sarnoff, board chairman of the National Broadcasting Co., to appear in a "great debate" on the air.

In Chicago Vice President Richard M. Nixon's press secretary said he assumed arrangements would be worked out for such debates. Herbert G. Klein said Sarnoff's wire had been received but that Nixon had not yet replied.

The Columbia Broadcasting system and the American Broadcasting Co. also expressed readiness to offer peak air time for such debates, but said federal regulations are an obstacle.

CBS news president Sig Mickelson said Section 315 of the Communications Act must be amended so as not to require equal time for splinter party opponents.

The U. S. Senate has approved such a change. Similar action is pending in the House.

Leonard H. Goldenson, president of American Broadcasting-Paramount Theaters, Inc., sent telegrams to Nixon and Kennedy outlining a proposal for the three networks to alternate in giving their prime time each week for nine weeks. He said the plan is predicated on a waiver by Congress of section 315.

## No Parking Signs Erected

Chief Temple Urges  
Caution for Detour

Circleville Police have taken early precautions to handle the heavy flow of Route 22 detour traffic using N. Court St. and Northridge Road.

No parking signs were to be erected today on both sides of Northridge Road from Court St. to the city limits. Police Chief Robert Temple urged ocal motorists to abide by the signs.

Route 22 was closed here this week as relocation of the highway east of here got under way. Detour traffic will use Route 188 starting at Route 674 at the Pickaway-Fairfield County line.

Chief Temple requested local drivers to use Nicholas Drive as much as possible to hold down the flow of traffic on Northridge Road and N. Court St.

HE said drivers coming to downtown Circleville from points east of the city may turn left off Route 188 onto Nicholas Drive, then travel on the Lancaster Pike (old Route 22) to Main St. He said local motorists may use the same directions when heading east.

Temple emphasized that drivers should use extra precaution while the detour is in effect. He said the flow of truck traffic on N. Court St. will be greatly increased. He also pointed out that heavy trucks will be forced to make right and left turns at Court and Main Sts in order to follow the detour routing.

The chief said special pedestrian routes will be worked out for children when school starts. He said the routes will be announced soon.

He also urged drivers and children to exercise caution at the Ted Lewis Park entrance and exit on N. Court St.

## Doctor Unhappy with Lack Of Improvements at Berger

A local doctor yesterday charged that Berger Hospital is inadequate. He also said the hospital's Board of Governors should know this, but hasn't done anything.

Dr. Robert G. Smith, 918 Circle Drive, made his statements at the regular noon luncheon meeting of the Circleville Rotary Club yesterday.

Nine other doctors, members of the Berger medical staff, later declared they are not wholly in agreement with Dr. Smith's charges.

Most agree that expansion of Berger Hospital is desirable, but that now is perhaps not the proper time.

Dr. Smith said: "The hospital facilities of Berger Hospital definitely are not adequate."

"THE BOARD of Governors of Berger Hospital should know that the facilities are not adequate. However, nothing is done about it. He gave the audience figures showing the increase in use of the

hospital, pointed to the population increase and birth rate. He called for an 88-90 bed hospital.

There are now 41 beds at Berger Hospital, 10 of them are maternity. He said occupancy of the 31 medical - surgical beds is more than 100 per cent. He said, "80 per cent is considered safe."

Dr. Smith told of a survey of hospital needs conducted in 1958. He said it called for accreditation of the hospital and a continuing public education and relations program.

The local physician said that "An effort was made to put this program into effect but it was not backed sufficiently by the hospital board."

He said the hospital "desperately needs" more beds, another operating room, storage space, central supply, relocation of labor and delivery rooms, a recovery or intensive care unit.

Dr. Smith said, "Two years ago this summer the medical staff of Berger Hospital unanimously passed a resolution and sent a letter to the Board of Governors asking

them to proceed with utmost speed to increase the bed capacity of the hospital. Nothing has happened. It appears that inertia has set in.

"The community also needs streets, sewers, schools, water works and funds are being requested. Why doesn't the hospital board ask for what is needed to adequately furnish the hospital needs of the community, whether it is to be by public subscription or bond issue?"

ROBERT Brehmer Sr., a member of the Board of Governors objected to some of Dr. Smith's statements. He said the hospital is not operating at a profit. He also said that most of the factors involved in hospital accreditation have been accomplished by the board but that the medical staff has not done its part.

Brehmer also said that the board is aware of the need for expansion, but the board has decided that to ask for the necessary \$500,000 to expand the hospital, is foolhardy at this time in light of the troubles faced by local schools in financing capital improvements.

Mayor Ben H. Gordon, president of the Board of Governors, said he concurred in everything Brehmer stated.

In addition, Board member R. C. Palm, disputed Smith's statement that the hospital medical-surgical beds are 100 per cent occupied. He said the figures are 96 per cent for June, 1960; 91.4 per cent for July.

## Ike Predicts Tough Fight For GOP Team

DENVER (AP) — President Eisenhower says Richard M. Nixon and Hubert H. Lodge face a struggle right down to Election Day. But he expresses confidence the Republican ticket will defeat the Democrats in November.

Eisenhower predicted a tough struggle and GOP victory in a congratulatory telegram Thursday night to Vice President Nixon, the Republican presidential nominee, and Lodge, his running mate.

The message was dispatched to the candidates at the party's Chicago convention as soon as it became apparent that Lodge, U. S. ambassador to the United Nations would be unopposed for the vice presidential nomination. Nixon formally won the No. 1 spot on the ticket Wednesday evening.

Eisenhower, here for a visit with his seriously ill mother-in-law after addressing the convention on Tuesday night, stressed what is expected to be the dominant theme of the Nixon-Lodge campaign — what the President termed a background of wisdom and experience in government affairs.

The President watched the nomination of Lodge on television after approving a \$53,200,000 loan to Peru to spur development of that country's economy. The step was a forerunner of the goodwill aid program the President is planning for Latin American nations generally.

## Drive Regarded As Historical Turning Point

Immediate Task:  
Shore Up, Pep Up  
Republican Party

CHICAGO (AP)—Vice President Richard M. Nixon left the triumph of convention burrachs behind him today to plunge into a back-breaking presidential campaign he views as a turning point in history.

To the roaring acclaim of the expiring GOP convention, Nixon Thursday night accepted in what he called "the greatest moment of my life" the republican presidential nomination.

He pledged, if elected, to "build a better America" that "will not tolerate being pushed about by anybody, any place."

He welcomed aboard his "free world victory" ticket as a vice-presidential running mate towering Henry Cabot Lodge, United Nations ambassador and symbol of American resistance to Soviet Premier Nikita Khrushchev's challenge to the free world.

Nixon announced today that Lodge would continue his U.N. post during August at the request of President Eisenhower. He did not make clear immediately whether Lodge will resign the U.N. assignment later, but that was the assumption.

With his credo for the campaign laid down in a 50-minute acceptance address before a wildly cheering convention, the Republican presidential nominee plunged immediately into the practical business of shoring up Republican unity and pepping up the party workers.

He arranged to address the newly constituted GOP National Committee where his support was more solid than perhaps any other Republican candidate had been able to command in this century.

This over, Nixon planned to meet the press for the first time as the party nominee. The vice president reserved the afternoon for meetings with party leaders. He had to postpone many of these earlier in the week in a combined effort with his back-patting new ally, Gov. Nelson A. Rockefeller of New York, for the kind of liberalized platform the two men wanted and got.

Not all of the state-by-state reports to Nixon and his associates carried good news for the drive he launched against Sen. John F. Kennedy of Massachusetts, the Democratic presidential nominee.

Midwestern leaders, many for them disappointed because a man from their section was not chosen to run for vice president, were said to have been more pessimistic about GOP chances in November than those from some other sections.

Southern delegates got over their first flush of anger at the adoption of a stronger civil rights plank than they liked. They reported some revived optimism about Nixon's chances of carrying some Southern states.

In New England, the optimism was tempered by Nixon's own estimate that Kennedy is stronger than he.

As for the Pacific Coast, Nixon will carry on there next week—after a weekend meeting here with farm organization leaders—the campaign that he said began with his acceptance speech.

In his often-applauded acceptance speech, Nixon called for what he labeled "a strategy of victory for the free world." This was his answer to the "new frontier" slogan laid down by Kennedy in his acceptance speech in Los Angeles two weeks ago.

## Widow Files \$115,000 Lawsuit In Railroad Death of Spouse

Lucile F. Imler, Stoutsville, yesterday in Pickaway County Common Pleas Court filed a \$115,000 damage suit against the estate of Dorothy Pennington and the Norfolk & Western Railway Co.

The 35-year-old widow is suing the railroad and Mrs. Pennington's estate as a result of her husband's death at 8:22 p. m. on April 13 in a train automobile crash.

Named in Mrs. Imler's suit as a defendant is Donald E. Gatwood, Kingston, administrator of Mrs. Pennington's estate.

The Fairfield County widow said she presented a claim to Gatwood, but it was rejected and disallowed on July 7.

SHE STATED her husband was killed while a passenger in Mrs. Pennington's car, which she was driving. She said Mrs. Pennington was quarreling and fighting with her husband and was driving while intoxicated.

Mrs. Imler said the death vehicle was headed northward on S. Washington St. She said Mrs. Pennington did not stop at the railroad crossing, but drove onto the tracks in front of the train which killed them both.

She stated that Mrs. Pennington drove onto the crossing carelessly and negligently with wanton misconduct and deliberately and with willful negligence intended to cause the death of Imler.

Mrs. Imler cited the N&W for failure to keep and maintain in good repair a good and sufficient crossing over the Washington St. intersection.

Negligently permitted the crossing to become and remain out of

repair and in a dangerous and defective condition.

"Several months prior to the accident, deep holes and cavities between the tracks and adjacent to the street were not repaired so that the Pennington auto struck one of these holes," her petition stated.

SHE ALSO cited the N&W for failure to maintain a signal to warn approaching traffic of trains; train consisted of two engines and 200 loaded cars being operated at a high and dangerous rate of speed; Engineer failed to sound a warning, and failed to bring the train to a stop to avoid striking the car, which was plainly visible, and carried part of it for one mile from point of impact.

Imler left two children, Terry Lee, 18, and Charles Paul, 4. Mrs. Imler is represented by Judson C. Kistler, Lancaster attorney.

## Hospital Boss Defends Prices

### Williamson Gives Figures on Costs

Alva Williamson, Berger Hospital administrator, spoke to the Circleville Rotary Club yesterday, prior to the talk by Dr. Robert G. Smith.

Williamson said many persons feel that hospital care is "pricing itself out of the market".

He emphatically denied that is the case. He laid the blame for present costs of hospital care on the high standard of living, price increases, improvements in treatment, professionalization of employees, and the fact that "cost is no object" to an ill person.

Williamson stated that another factor in hospital costs is the 24-hour service required. That increases the number of employees on duty, thus keeping costs up. He scored the comparison of hospital with hotels, saying that there is no basis for comparison.

He declared that a hospital cannot eliminate a "losing" service to patients, because patients demand the service even though the hospital cannot charge enough to cover the service.

Williamson said Berger Hospital charges \$13.75 per day for a bed in a four-bed room. The actual cost is \$17.06 per bed, or a loss of \$3.31 a day. In addition, he stated, hospital costs will continue to increase.

Berger Hospital needs 66 beds now, according to a survey conducted two years ago, but it has only 41. The administrator said that the local hospital is now caring for 50 per cent of the people who need hospitalization in the county. The

However, an extension of the permit to continue maternity work here is expected.

## Quick Weather Changes

Good evening, friends. There's a high accumulation of alto-cirrus clouds over the western provinces tonight and its possible we may have some showers tomorrow. On the other hand, in the zone south of the alto-cirrus we have a disturbance characterized by increasing density which may result in the stratus-cumulus changing to nimbus, and if that should coincide with a west-east wind—which is entirely possible—then we may have rain tomorrow forenoon, followed by cloudy to partly cloudy weather in the afternoon.

The reports from regions in the path of this incipient disturbance indicate a falling barometer accompanied by slightly cooler to definitely cooler temperatures by the middle of the night. On the other hand, if these currently local disturbances are not pushed eastward by a sustained wind it is quite likely we shall have a clear calm warm day tomorrow typical of this beautiful season of year, and pilots

will find flying smooth unless they encounter turbulences.

Directly to the north we have what is known among meteorologists as a status quo situation. This means the weather could change to any of several conditions unpredictably. So you may or may not have to sleep under blankets tonight.

I will now repeat my forecast for tomorrow. Possible heavy cloudiness followed by showers or the beginning of a rain; or if the air currents move to the north or south of us, a sunny day with cool seasonable breeze and generally fair weather followed by cloudy to partly cloudy by late afternoon.

About the only thing Mom can't get on time is the kids when lunch is ready.

## A Rebuttal from a Housewife

Editor's Note—On July 18 Francis Stillely wrote a column telling how busy he is, what with work and household chores. Today his wife, Joy, puts in several words for the women.

By JOY STILLELY  
NEW YORK (AP)—Before you spend any of your precious man-hours shedding tears over poor Pop's predicament, may I hasten to put in a word for the Moms? This Mom, not wishing to waste any more moments than necessary on mathematical calculations, will take Daddy's word for it that there are 8,760 hours in a year.

The men, lucky fellows, sleep away 2,920 of these at the rate of eight hours a night. Ma, of course never gets more than six hours of sleep, what with seeing that the kids are bathed and bedded, the milk bottles and the cat put out and a path cleared through the day's debris so Daddy can make a quick getaway in the morning.

But even so, there are 2,190 hours gone already. Three meals a day to cook, seven days a week, minus two weeks' vacation, and the one night Daddy takes Mom-

my out to dinner. At a conservative estimate of one hour per meal—really it's a fraction more but the arithmetic would be impossible—that's 1,053. Half an hour for dishwashing each go-round adds 526 to the KP score.

With luck Mother can be a lady of leisure yet. After all, there are still 4,991 hours she can call her own—or her own family's!

Now, take clothes, for instance. There's a washing machine which Dad so reluctantly purchased after failing to convince Wifey that a woman's place is at the scrub board. But sorting and soaking and starching and smoothing subtract a couple of hundred hours per annum. Still that leaves 4,791.

Bedmaking! Mommy spends more time making them than she does sleeping in them. And that's not counting the time it takes to get Hubby out of them in the morning.

Other housework takes a minimum of two hours a day and you have to take into account the times when the little housewife really gets ambitious or her mother-in-law is coming to visit. So withdraw another 1,000 to make the balance 3,691.

While it may be daddy who

pays for the bacon, contrary to popular belief it is Mommy who brings it home. And in the process of trudging up and down miles of supermarket aisles another 260 hours are spent, as well as Daddy's paycheck.

Ah, still 3,431 to go. Wifey will get to relax in that lounge chair yet. First, though, the children must be driven to meetings, friends' houses, the neighborhood movie theater and the swimming pool. The whole family has to have new shoes, new clothes and new amusements.

Then there is the time spent trying to convince door-to-door salesmen that the household is well-supplied with vacuum cleaners, tooth cleaners, floor cleaners, aprons, shoe laces, insurance and encyclopedias.

There are gifts to buy for Hubby—wedding anniversary, engagement anniversary, Christmas Valentine, and all-occasion gifts. It takes time to present all these gifts, too. About 2,000 hours for all this activity.

Never mind. Mother still has 1,431 shining hours for herself. First, though, there are letters to write, checks to write, notes to the milkman to write and grocery lists to write. Clothes to be taken to the cleaners, shirts to be taken to the laundry, shoes to be fixed, socks to be bought for all the members of the family who constantly go about with their shoes off.

There are still at least a thousand hours left. However, 950 of these are spent making sympathetic noises when Hubby complains about how hard he has to work—both at the office and at home.

Yippee! Still 50 hours to go. And how does Mommy spend these? Listening to Daddy say, when he comes home from work, "Well, what have you been doing all day? Loafing?"

## The World Today

By JAMES MARLOW  
Associated Press News Analyst  
CHICAGO (AP)—The big political conventions of 1960 accomplished two things:

1. They cleared the ring so a couple of real pros—for the first time in 12 years—could go after each other.

2. They made both parties sound a little more liberal, to the disgust of the ultra-conservatives in both, as shown by the effort to nominate Sen. Barry Goldwater of Arizona, a leader of the conservatives.

Otherwise, they were simply cut-and-dried, longwinded, old-fashioned extravaganzas which needlessly took up too much of everyone's time.

Sen. John F. Kennedy, given the Democrats' presidential nomination two weeks ago in Los Angeles, and Vice President Richard M. Nixon, whom the Republicans named their No. 1 man Wednesday are political pros in the strictest sense.

The last time two professionals squared off for the presidency was in 1948 when President Truman ran against and whipped New York's Gov. Thomas E. Dewey.

The 1952 match between Dwight D. Eisenhower and Adlai Stevenson was an amateur contest. Eisenhower had never run for office before. Stevenson, although governor of Illinois, was new in the business.

By the time they ran against each other in 1956 Eisenhower had learned his way around. Stevenson, in the minds of many, was still amateurish.

It's a lot different with Nixon and Kennedy.

Both have been in national politics since 1946 and when both were first elected to the House of Representatives. In later elections both landed in the Snat, with Nixon going on to the vice presidency.

It was no wonder Nixon had no real opposition for the presidential nomination. He had been working toward that for years:

1. By playing it smart as vice president. He stuck close to Eisenhower, got himself identified in the public and Republican mind with the President's ideas, attitudes, and policies, thus making himself appear the natural successor.

2. By building up support for himself around the country for years both by his campaigns for the Republican presidential ticket and campaigns to help Republicans running for office in their states.

Kennedy has been aiming at the presidency ever since 1956 when, to the surprise of many, he came out of relative obscurity and almost captured the Democrats' vice presidential nomination.

In the succeeding four years he traveled the country, surrounded himself with shrewd politicians and intellectuals, and ran and won in the primaries.

While both parties in their civil rights platform planks were more liberal than ever before, the fact is they had to be. Events inevitably pushed them in that direction, beginning with the Supreme Court's 1954 decision outlawing public school segregation.

But the party platforms don't mean much by themselves. There is a big difference between the party's promises in the middle of a presidential campaign and what they do about them later.

The conservatives in both parties dominate in Congress, no matter which party wins control of it.

## LAFF-A-DAY

## Hepatitis Can Be Mild

By Herman N. Bundesen, M.D.

The most striking symptom of infectious hepatitis is jaundice which turns the skin and mucous membranes a greenish-yellow color. It's a late symptom, though not an early one.

Jaundice usually appears about five days or so after the first symptoms have given an indication that something is amiss. And the first symptoms don't occur until six weeks after you have been infected.

These early indications of the disease—if you can call a six weeks' period an early one—include loss of appetite, fever, which may read 103 or 104 degrees, nausea and a general feeling of weakness.

You might also have occasional diarrhea and intestinal cramps. Maybe your skin will itch and there may be a pain in the upper portion of your abdomen.

The jaundice, alarming as it may be, is usually an indication that the disease has about run its course. As the skin turns yellow, your temperature is likely to drop to normal, or at least to nearly normal.

The jaundice, itself, will probably clear up in about ten days. And when this occurs, your bowel and stomach discomfort will also disappear.

In mild cases, there may not even be any jaundice. And, generally, infectious hepatitis is a relatively mild disease.

There are two schools of thought about treatment.

Some doctors have long held the view that prolonged bed rest—to remain in bed at least ten days after all symptoms disappear—is advisable. More recently, however, others have advised a much

shorter stay in bed. Each case has to be judged individually.

As for diet while suffering from infectious hepatitis, I suggest that you have a lot of meat, eggs and milk, because they are high in protein value. Cottage cheese is good, also, but don't eat meat fats. Stay away from alcoholic beverages, too.

E. J. Should a person with a congested heart condition avoid climbing stairs?

Answer: An individual with a heart condition should avoid any exertion which produces symptoms such as pain in the chest or shortness of breath.

If climbing stairs causes these symptoms, it should be avoided. Otherwise, this activity, when done slowly, is permissible.

## Dirty Campaign Likely?

The essential difference between the Republican and Democratic conventions is that in the Democratic Convention, no one was running for 1964. All the candidates were for current operations.

It is obvious to anyone who closely observes political maneuvers that the strategy of Nelson Rockefeller's managers is that Rockefeller candidate this year will be defeated and that in 1964, the Republican Party will turn to the one and only man who can defeat millionaire John Kennedy and, of course, that man will be millionaire Nelson Rockefeller.

Rome fell when the emperorship became a purchasable commodity. It is a lesson not to be ignored in this era of American history when millionaires, donning the garb of super-liberalism, spend millions to get themselves nominated and elected.

The so-called secret deal made in the late hours of the night between Richard Nixon and Nelson Rockefeller fooled nobody. It was an effort to prevent Rockefeller from making a nuisance of himself at this Republican Convention. Vice President Nixon took this step entirely on his own. Let the fates take care of 1964—as they undoubtedly will do.

What Rockefeller has to contribute politically is the assumption that he is popular in New York State and California—two very important vote-getting areas, where minorities are particularly worthy of consideration.

The Jewish vote is significant throughout New York State and in the Los Angeles area of California. Nelson Rockefeller is very close to David Dubinsky, Alex Rose and Jacob Potofsky, labor leaders. Also, in New York City and in Chicago, the Negro vote is of considerable significance. The Rockefeller philanthropies have always done much for Negroes.

These considerations are not to be trifled with in a tight campaign. They are of sufficient importance for Nixon to run up to New York to talk to Rockefeller about unity in 1960 and let the Almighty take care of 1964.

One of the unfortunate factors in this picture is the use of the friendship between Joe Kennedy, John's father, and Lady Astor and the so-called Cliveden Set. This will be used actively in this campaign to damage Kennedy in Jewish circles and to establish that Joe Kennedy was pro-Hitler.

The Democrats will undoubtedly

whether a full-grown son is responsible for his father's doings when the father was an American ambassador at the Court of St. James's. To offset this, the Democrats are smearing Richard Nixon with McCarthyism and with having been brutal in handling Helen Gahagan Douglas who ran against him for United States Senator in 1950.

In a word, it is likely to be a

# Nixon's 'Checkers Speech' Considered Turning Point

**Editor's Note** — Richard Nixon enters the presidential campaign with some formidable assets—but he has also left a backtrail strewn with political enemies. This is another in a series of articles.

By SAUL PETT

CHICAGO (AP) — It was an extraordinary night in the history of politics and the performing arts.

It was Sept. 23, 1952 and, from a television studio in Los Angeles, the Republican candidate for vice president of the United States was, it seemed, baring his soul and emptying his pockets.

"I am going at this time to give this television and radio audience a complete financial history; everything I've earned; everything I've spent; everything I own."

At the moment, Richard Milhouse Nixon, only two years a senator and six years a politician, hung by his thumbs from a rope about to snap.

Would Richard Nixon be able to explain the \$18,000 "Nixon fund" contributed by California supporters? Would Richard Nixon, aged 39, who had come up high and fast, now be dropped into political darkness or would he be able to climb back to safety; would Richard Nixon, candidate of the party set to "clean up the mess in Washington," resign or be dumped off the ticket by Dwight D. Eisenhower?

Nixon stared earnestly at the camera as though it were an old friend, suddenly grown cold and suspicious, who was about to turn his back on him.

Nixon said he had never made personal use of the fund, that it had been used only to cover political expenses, that no contributor had ever received special consideration from him as senator.

He described in painful detail his career, his finances, his family situation, the mortgages. The houses they bought. The borrowed money. His daughters' little cocker spaniel, Checkers, which he would never give up, no matter what.

And as the camera dwelled on his wife, he said:

"Well, that's about it. That's what we have and that's what we

owe. It isn't very much but Pat and I have the satisfaction that every dime that we've got is honestly ours. I should say this—that Pat doesn't have a mink coat. But she does have a respectable Republican cloth coat. And I always tell her that she'd look good in anything."

The telegrams poured in by the thousands. A change of heart came over Republican leaders and newspapers which had demanded his scalp. Dwight D. Eisenhower was convinced. Richard Nixon remained on the ticket.

The "Checkers speech" was more than just a passing crisis in the life of Richard Nixon. It probably helps to explain why even today the feeling that surrounds him is high, intense and sharply divided. He is a man who has been involved in many highly emotional moments recorded on the national cardograph.

There were the campaigns of 1952 and 1954.

Richard Nixon, the "man who had trapped Alger Hiss," was swinging wide and hard.

He repeatedly charged the Democrats with being "soft on communism." He said Secretary of State Dean Acheson suffered from "color blindness—a form of pink eye toward the Communist threat in the United States."

He called Adlai Stevenson "Adlai the appeaser — who got a Ph.D. from Dean Acheson's college of cowardly Communist containment."

In 1954, he said Harry Truman, Stevenson and Acheson were "traitors to the high principles in which many of the nation's Democrats believed." A coast to coast storm blew up over the use of the word, "traitor."

Nixon protested that he had said only that they were traitors to their party, not their country. But it was 1954 and the nation was still shaken by a divisive tremor called "McCarthyism" and the word "traitor" in any context had a special impact.

Alexander Graham Bell, who invented the telephone, was married to Mable Hubbard. She had been deaf from scarlet fever since the age of 4.

From the standpoint of his morale, 1954 was "the worst of Nixon's first 12 years in politics," wrote Earl Mazo, who apparently was given more time with the vice president than any other biographer. Nixon even talked about retiring from public life.

It had been a rough year, politically and personally. The Republicans lost seats in Congress. And there had been incidents.

In his home town, Whittier, Calif., a citizens group killed a move to name a street after the vice president. At his alma mater, Whittier College, where he was to deliver the commencement address, several seniors protested. A separate receiving line had to be created for those (it turned out to be two) students who preferred not to shake Nixon's hand.

Next: The vice president

### Dear Abby...

By Abigail VanBuren

#### Time To Take the Reins, Pop!

DEAR ABBY: What is the matter with my wife? She says she can't bear to cut off our boy's curls. This kid is three years old and looks like a girl. He's our only child. When he was born, my wife cried for a week because he wasn't a girl.

She has had our boy in the barber's chair twice and each time the barber would reach for the scissors, she'd snatch the boy out of the chair saying she couldn't go through with it.

The boy is unhappy because the older kids tease him. Can you offer a solution?

FATHER

DEAR FATHER: Get your son into a barber's chair before he winds up on a psychiatrist's couch! Your wife's refusal to accept the fact that she has a son—not the hoped-for daughter—indicates that she could be disturbed mentally. Separate the boy from the curls and then do what is necessary to separate your wife from some of her ideas.

DEAR ABBY: I wish you could help me get a 12-year-old neighbor girl to stay at home during our supper hour. Her people are well-to-do, so she can't be hungry.

She makes it a point to walk in just as we start a meal. I have invited her to eat with us many times, but I don't want her every day. She stands around leaning on the children's chairs, whispering and giggling. How can I handle this without causing embarrassment or hurt feelings?

TENDER-HEARTED

DEAR TENDER-HEARTED: Catch this girl when she is alone and tell her in a nice way that she should not visit during the supper hour because that's "family time" and it disturbs the children. If she doesn't respect your wishes, ask for her mother's cooperation.

DEAR ABBY: I have been married to a most wonderful man for 23 years. He is very considerate and thoughtful. He doesn't drink, curse or raise his voice. He has never once opened his own pay envelope. He brings it to me and I take what I need. My only complaint is that he always leaves his shoes in the living room.

I have asked him many times to Ever mix walnuts with maple syrup to serve as an ice-cream topping?

## Magazine Salesman Sees His Troubles Mount Even Higher

MARYSVILLE, Ohio (AP) —  
Harry Jordan, the 23-year-old  
magazine salesman whose com-  
panion was shot and killed near  
Newark July 7, faces more  
troubles.

Free under \$5,000 bond from  
Delaware County where he was

ing and assault with intent to rob,  
Jordan won release from the  
Union County Jail here on \$200

ner.

The charge was brought by

claimed Jordan is one of two men  
who tried to pose as government  
men July 4 and collect property  
taxes. Jordan pleaded innocent to  
the charge.

Jordan was the companion of

announcing a rate reduction to its rural consumers. The  
average overall reduction amounts to 6% decrease in elec-  
tric revenue to the Cooperative. Consumers will enjoy re-  
ductions in the power bills of 3.2% to over 10% depend-  
ing on the amount of power they use. Larger consumers  
will receive the greater reductions. Typical reductions are  
as follows:  
  
200 KWH per month consumer \$.25 per month  
1000 KWH per month consumer \$1.45 per month  
1500 KWH per month consumer \$3.95 per month

Kiwanis, GE Grab Babe Ruth Wins

Kiwanis and General Electric, tied for first place in the second round of Babe Ruth League play, rolled to comfortable victories yesterday.

Kiwanis took the measure of host Derby, 6-1, and GE trimmed visiting Ashville, 10-1. The wins served to set the stage for a crucial battle between Kiwanis and GE at 10:30 a. m. tomorrow at Ted Lewis Park.

Wendell Lovett of Kiwanis hurled his best game of the season in limiting Derby to two hits. The Derby-men couldn't touch him until the seventh inning when they counted both their bingles.

Pitcher Freddie Moore was equally strong for General Electric. He allowed Ashville five hits, but held the Broncos scoreless after permitting a single run in the first.

LOVETT fired third strikes past eight Derby batsmen and allowed only one walk. His hurling chores were backed up by seven hits on the part of his mates.

Kiwanis took a 1-1 lead in the third on a single by Harry Hill, an error of Hogie Dade's blast and walks to Lovett and Junior Tootle.

The victors came back strong in the sixth with four runs on a single by Jack Cook, an error, a walk and two fielders choices.

Another run came across for the winners in the seventh on successive singles by Lovett and Tootle, a fielders choice and an error.

Derby finally broke the ice in the seventh when Conley doubled and Guthrie chased him home with a triple. Lovett retired the next two batters with ease to end the game.

Warden was charged with the mound loss. He fanned three and walked six.

GE ripped into Ashville for five runs on three hits in the fourth inning. John Good's roaring triple into deep centerfield with two men on was the climaxing blow. Bob Purcell and Moore banged singles during the uprising.

Ashville jumped to a 1-0 lead in the first on four walks. Moore then settled down to hold the Broncos scoreless the rest of the way.

Ge knotted the count at 1-1 in the bottom of the first on a single by John Good and three Ashville bobbles. The Electricmen went ahead in the second when Moore led off with a double and came home on Gary Stewart's single.

GE finished scoring with three runs in the fifth on Stewart's two-bagger and three more Ashville errors.

Ward's, JC's Notch Wins In LL Action

In one of the closest and best played Little League minor league contests of the season, Ward's Market last night downed Rotary, 4-1, behind the three-hit pitching of Bob Tootle.

In other minor league action, Jaycees continued to blast opponents with ease, as they topped Lincoln Plastic, 15-3, and Ty Ankrom racked up victory No. 8 without a defeat to become the league's top hurler.

Ankrom held Plastic to five hits, walked two and fanned seven. Tom Parmer was charged with the loss. He and reliever, Jack White, struck out eight and issued nine free passes.

John Wright led the potent Jaycees at the plate with 4 for 4, including a home run. Tom Fletcher contributed two homers to the cause and Gary Black connected for a double.

REED AND Jack White poked two baggers for Plastic and Tom Goeller powered out a triple. The JC's now stand 5-0 in the second round and appear headed for a sweep of the minors.

Ward's and Rotary tangled in a narrow scoring ball game where only eight hits rang out in the ball park. Ward's garnered five of the hits.

Two of Rotary's three hits were doubles by Bruce Tigner and Lynn Heath. Tootle had the only extra base hit for Ward's, a double.

In winning, Tootle struck out seven and walked two. Donald Hoffman started for Rotary, walking two and striking out six. Tigner relieved in the fourth, issuing three free passes and whiffing seven.

Both teams committed one error. Tootle was the hitting star, going 3 for 4 at the plate.

Four games are scheduled for today. At 5:15 p. m., Blue Ribbon Dairy (2-2) meets Savings Bank (4-0) on the Southend Playground; Second National Bank (1-4) battles First National Bank (1-3) on the LL diamond.

THIRD National Bank (2-2) faces Circleville Oil (2-2) on the softball diamond. At 7:30 p. m., Coca Cola (3-1) runs into its nemesis, the Elks (4-0), on the softball diamond under the lights.

A full slate of morning and afternoon games are scheduled for tomorrow. Last Monday and Tuesday contests will be played.

At 8:30 a. m., First National vs. Third National on the LL diamond; Coca Cola vs. Ralston Purina (1-4) on the softball diamond, and Rotary vs. Plastic on the Southend Playground.

# National League Rookies Forge into Spotlight

By THE ASSOCIATED PRESS  
It was rookie uprising day in the National League Thursday. Candidates for first-year honors popped up nearly everywhere.

In San Francisco, pitching sensation Juan Marichal posted his third straight spectacular performance, a seven-hitter, as the Giants defeated the Milwaukee Braves 3-2 in 10 innings.

In Los Angeles, big Frank Howard drove in six runs with a grand slam homer and a single as the Dodgers outslug the Cincinnati Reds 8-6.

In Chicago, Pancho Herrera walloped his 15th home run and drove in two runs in Philadelphia's 3-2 decision over the Cubs.

Other first-year men who distinguished themselves were Philadelphia pitcher Dallas Green, who turned in a winning six-hitter, the Cubs' Morris Thacker, who drove in his team's only run, and Cincinnati's Gordon Coleman and Chico Cardenas, who homered in a losing cause.

Pittsburgh, enjoying a day off with St. Louis, saw its first-place lead increased to two games over Milwaukee.

Marichal, the Giants' 21-year-old right-hander, continued the brilliant pitching that marked his debut when he turned in a spectacular one-hitter against Philadelphia. His second victory was a 4-hitter against Pittsburgh.

Felipe Alou drove in the winning run in the 10th with a single off shortstop Johnny Logan's chest. The hit scored Joey Amalfitano who doubled with one out and moved to third when loser Warren Spahn walked Orlando Cepeda after purposely passing Willie Mays.

Howard, hailed as the "next Babe Ruth," hit his grand slammer in the first inning after a hit batter, a single and an error had filled the bases. The homer was his 16th of the season. Howard's single also came with the bases loaded, in the second.

Cincinnati and Los Angeles made only 12 hits between them, five of them home runs. Besides Howard, Coleman and Cardenas, Frank Robinson hit his 20th for the Reds and Chuck Essegian got his second for the Dodgers.

Bobby Del Greco and Herrera accounted for all the Phillies' runs in their victory over the Cubs.

Jimmy Piersall may be right, after all.

When the Cleveland players threatened recently to hold a meeting to discuss what should be done about Piersall's scrapes with the umpires, the explosive outfielder remarked:

"While they're discussing me, maybe they should also discuss the hitters who have been taking so many third strikes with men on bases and the pitchers who

have been throwing so many home run balls."

The Indians staged one of their most inept performances of the season Thursday night as the New York Yankees mowed them down twice, 4-0 and 9-2, to regain first place from Chicago by .003 per-

centage points. The White Sox lost their game and a half edge by dropping a daytime 4-2 decision in Boston.

In other American League games Baltimore blanked Kansas City 5-0 and Washington edged Detroit 6-5.

## Smallest Olympic Trainees Given Longest Assignments

EUGENE, Ore. (AP) — The smallest men training here today with the U.S. Olympic track and field team have the longest assignments. They are tuning their tough little torsos for the 10,000 and 5,000 meter races, and the 3,000 meter steeplechase at Rome.

## Ohio Fishing This Weekend Unpredictable

COLUMBUS, Ohio (AP)—Fish, say Division of Wildlife experts, are just as unpredictable as the weather—as if Ohio anglers didn't know.

But the division says this fact is coming to light during the hot, humid days, when most fish just seem to have little difficulty catching nice strings of fish.

The area report of fishing conditions:

**NORTHWESTERN** — Many streams throughout this area have clear and normal water but the fishing pressure remains low. Both Grand Lake St. Marys, Mercer and Auglaize counties, and Oxbow Lake, Defiance County, report fair to good water conditions and good fishing for bass, bluegills, crappies and catfish.

**EAST CENTRAL AND SOUTH-EASTERN** — Exceptionally good catches of catfish are reported from Atwood and Beach City reservoirs. Clouse Lake has furnished good fishing results for bass, bluegills and bullheads. Major streams are in fair to poor condition, with fishing pressure very low.

**CENTRAL AND SOUTHERN** — Fish varies from fair to good in both lakes and streams. In central Ohio both the Scioto River and Big Walnut are in good fishing condition although few fishermen are taking advantage of it. Rocky Fork, Jackson and Buckeye lakes report fishing conditions perfect.

**SOUTHWESTERN**—Lake fishing in this section is furnishing good sport, especially in the following places: Grant, Stonelick, Cowan, Loraine and Indian. Bass fishing has been particularly good in most of these lakes. Some fishermen are continuing to take trout from several streams in Champaign County.

"They're only little in measure."

Bowerman is head coach at the host University of Oregon, an interested spectator of the week-long training program and director of the Saturday meet which climaxes the practice.

Others have called them "chests with legs." Head Coach Larry Snyder of the Olympic team said the description is apt, "if you add the word 'courage'."

Max Truex of Warsaw, Ind., is the littlest of the lot and is America's No. 1 man in the biggest distance, 10,000 meters (marathons are not training here).

Truex is 5 feet 5 inches tall, and his weight of 128 pounds makes him less than half the heft of the team's bulkiest man, discus thrower Rink Babka of Palo Alto, Calif. Rink weighs 267 pounds and stands 6-5.

Jim Beatty of Charlotte, N.C., top man in the 5,000 meters (and a sub four-minute miler on the side), stands 5-6 and weighs 128. Heading the steeplechase crew is George Young of Silver City, N.M., 148-pounder who admits his official listing of 5-foot-9 is a trifle high.

The biggest distance man who has qualified for a trip to Rome is Phil Coleman of Champaign, Ill., a 5-10, 155-pound steeplechaser. Deacon Jones of Iowa City, Iowa, and Bill Dellinger of Springfield, Ore., both measure in at 5-9.

The crowd at Saturday's practice meet will see two events featuring the small men who run big. The steeplechasers will run a 3,000-meter flat race — without hurdles or water jumps — so the coaches can check their condition. All 5,000 and 10,000 meter men will compete in a 5,000-meter race.

## Sulky Driver's Hurts Prove To Be Fatal

VAN WERT, Ohio (AP)—Services will be held here Saturday for Luther Funk, who died in Marion, Ind., of injuries received in a harness racing accident.

Funk, a member of the U.S. Trotting Assn. for 25 years, was hurt at Converse, Ind. a week ago and died Wednesday in the Marion General Hospital.

# Keen Competition Slated In Horse Shoe Tournament

A Pickaway County Championship Horse Shoe Tournament again will be a special feature of the Pickaway County Fair.

Ray Goodman, chairman of the Pickaway County Horse Shoe Assn., said qualification pitching will be held each evening of the fair from 6 to 10 p. m. Final pitchoffs in all classes will be held Saturday starting promptly at 6 p. m.

Goodman said the tournament is open to Pickaway County residents only.

Competition this year will be

held in class A, B and C. Championship trophies will be donated in each class.

A SET of original Ohio Pitching Shoes will be awarded for second and third places in each class. A \$2 prize will be presented for fourth place in each class.

The tourney will be held on the excellent courts constructed at the Fairgrounds last year. The site, complete with lights, is east of the Coliseum.

Championship trophies will be donated by the Ankrom Lumber Co., the Circleville Oil Co. and the L. M. Butch Jeweler Co.

Pitching shoes will be awarded by Palm's Carry-out, Goodman's Marathon Service, Ward's Market, Blue Ribbon Dairy, Wes Edstrom Motor Sales and Kenny Hannan Ford.

Fourth place awards will be made by Glitt's Ice Cream, Kochheiser Hardware and Harden's Chevrolet.

All prominent pitchers of the county are expected to participate in the tournament. Many have been taking part in daily practice sessions at the Fairgrounds, and indication that competition will be keen this year.

## Adkins Slated To Hurl Tilt

Ashville's Harley Davidson Baseball League team will meet Carroll in a doubleheader Sunday on the Bronco diamond.

Joe Adkins, Northridge Road, will be on the mound for one of the contests.

Adkins, making his start with Ashville, last week hurled a two-hitter in a 5-4 victory over Warner Gardens of Columbus.

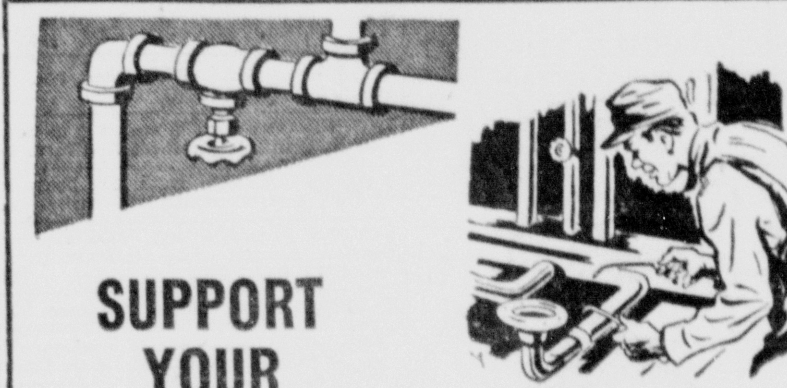

The local fireballer, an ace hurler for Circleville High School a couple of seasons ago and a member of this year's Kenyon College mound corps, was given an offer

to sign with the Pittsburgh Pirates two weeks ago.

ADKINS said he plans to finish his college work and then possibly devote some time to professional baseball. The Pirates plan to keep him under study.

Another local member of the Ashville team is Carl Benhase, head football coach at CHS. The grid mentor smacked a double in the winning effort against Warner Gardens.

A bowling pin is 15 inches high.

## Bosox To Lose Slugging Star

BOSTON (AP) — Gary Geiger's collapsed lung has Boston reeling today just when the Red Sox appeared to be mending the outfield riddled by the retirement of Jackie Jensen.

The Red Sox announced sadly Thursday that Geiger, the skinny, left-handed slugging right fielder, is lost for the season.

Dr. Ralph McCarthy, team physician, hastened to add there was no evidence of tuberculosis and that when Geiger's right lung returns to normal and he has had a complete rest he should be ready for 1961 spring training camp.

## Not a single cracked egg since Chevy took over the route

That '60 Fleetside pickup you see takes whatever kind of road comes along, and makes about 250 stops a day delivering eggs house to house for Mr. Harry Hansen of Missotila, Montana. "With my previous truck," Mr. Hansen writes, "I always had some cracked eggs. Cargo damage always cut into my profits. But the new Chevy eliminated that problem completely. I haven't had one cracked egg with my new truck and I've had up to a ton of eggs in it without any difficulty. . . I didn't know a truck could ride so nice."

Chevy rides nice, all right; takes good care of fragile cargoes. But that's not even the half of it. Torsion-spring suspension also means longer life for the truck, extra thousands of working miles, because the sheet metal and body components take less of a beating. You can run off-the-road or over back trails at faster safe speeds, too; get in more trips a day, make more money. Those facts are as true of the big Chevrolet heavyweights as they are of the pickups. Any model you name. Get one on your job and you've got the world's most efficient, most economical way to haul any load over any road. Your dealer will be happy to prove that statement any day you say.

"I'm getting close to 20 miles to the gallon," Mr. Hansen states, "and that's on stop-and-go delivery."

## Redlegs, Dodgers Engaged In Almost Heated Warfare

LOS ANGELES AP)—Like Russia and the West, Cincinnati and the Los Angeles Dodgers are not at war. But they haven't exactly got a flourishing alliance going either.

Lingering hostility came to the surface Thursday when Cincinnati general manager Gabe Paul accused the Dodgers pitching staff of conducting a calculated campaign of bean-balling.

The atmosphere lacked some of the cordiality of a fraternity reunion Thursday night when the Dodgers won the rubber match of the three-game series 8-6.

Dodger reliever Larry Sherry was spiked on the shoe by Vada Pinson while covering first base in the ninth inning and Sherry said later he thought Pinson might have gone out of his way to step on him.

The other show of belligerence occurred in the fourth, when one of Roger Craig's pitches hit Redleg catcher Ed Bailey on the leg. Craig and Bailey bellowed at each other as Bailey trotted to first. Bailey said later they were "just shooting the breeze," but it appeared at the time they might have preferred to use bullets.

The Dodgers ridiculed Paul's bean-ball accusations. "I'm certainly not aware of any plot," said pitcher Don Drysdale, who hit Pinson with one pitch Wednesday night and put Frank Robinson on the seat of his pants with two others.

Paul, speaking from his hospital room in Cincinnati—he has an ailing back—said a "planned program of bean-ball throwing" was motivated by a May 2 home plate collision, in which Craig suffered a fractured collar bone that kept him out six weeks. He collided with Pinson.

Paul accused umpires of negligence and said he would file a

protest with National League President Warren Giles.

Giles told Paul:

"If you can submit any evidence other than opinion and belief, I will be glad to consider such evidence. . . . I have talked with Umpire Dusty Boggess about the pitching in last (Wednesday) night's game and he advised me there had been nothing to convince him that any of Drysdale's pitches were intentionally thrown at any batter."

A reporter asked Hutchinson if he thought Drysdale was throwing at batters intentionally. "I wouldn't say that, no," Hutchinson replied.

## Cincy Council Asked For Air Study Fund

CINCINNATI (AP)—City Manager C. A. Harrell has asked City Council for \$2,000 for the city's share in a study of the possible use of a regional airport in southwest Ohio. Dayton officials proposed the airport halfway between the two cities, which are 50 miles apart. Harrell said Dayton would put up \$2,000 for the study and Middletown and Hamilton would contribute \$500 apiece.

## Smallpox, Once a Killer Controlled

Smallpox. The word struck fear in the hearts of American pioneers. The disease is known to have wiped out whole settlements and depopulated cities.

For centuries, smallpox was one of the great scourges. It was once as common as measles. In Europe it killed hundreds of thousands yearly. In the 18th century almost everyone had it before he grew up.

Even grandparents of today recall the days when smallpox was common. In 1918, for example, more than 10,000 cases were reported in the state. You can still sometimes see persons who bear the scars of this dread disease.

Those were the lucky ones. Smallpox is a killer.

TODAY, thanks to widespread vaccination against smallpox, the disease has been wiped out in the state. The last reported case occurred in 1950. Vaccination against smallpox is the oldest protective treatment against communicable disease. The technique is simple, safe and sure.

Discovered in 1796 by Edward Jenner, an English country doctor, vaccination has proved itself without question, virtually ridding America of smallpox. But in other countries where vaccination is not widely known, then, too, is smallpox.

Here wise parents take their children while still infants, to their family doctors for a smallpox immunization. A reinforcing vaccination is usually given before the child enters school.

To be certain Ohio children are protected against dangerous disease, the Ohio Legislature recently enacted a law requiring that a child show proof of immunization against five diseases before entering school. The disease immunizations are those against smallpox, diphtheria, whooping cough, tetanus, and polio.

## New Horse Pull Is Added To County Fair Attractions

The Pickaway County Agricultural Society will conduct a new event at the forthcoming County Fair — the Horse Pulling Contest.

The contest of animal strength and human skill will start at 1 p. m. Thursday in front of the grandstand.

Entry fee is \$3. The contest will be supervised by the Buckeye Horse Puller Assn. of Ohio and Indiana and their rules will be in effect.

Prizes for each section of the contest are: \$50 for first; \$40 for second; \$30 for third; \$20 for fourth; \$10 for fifth; \$5 for sixth, seventh and eighth.

THE FOLLOWING rules will govern the contest:

The distance for each pull shall be 27 feet but distance of less than 27 feet will be used to determine winner or placement at end of the contest.

The distance between side boundaries shall be 14 feet and teams and load must stay within said boundaries while pulling. Any part of team or load on or over bound-

dren, financially unable to have their family doctor administer these immunizations, may receive them from the City Health office.

Immunizations for indigent children will be administered at the City Health office every Monday and Friday until school starts this fall.

STARTING in the 1960-61 school year, no pupil will be admitted to any city school without an immunization record, showing completion of all necessary injections.

Written evidence, satisfactory to the teacher in charge of admission, must be shown that the pupil has received, or is in the process of receiving immunization against poliomyelitis, smallpox, diphtheria, whooping cough and tetanus.

During the past five years, the first five grades have received their required immunizations, making it necessary to start checking immunizations with the sixth grades and up this fall.

aries will void pull. First and second pull shall be in the direction indicated by the judges. Third may be taken in either direction providing enough room remains within end boundaries.

Any forward movement of load after the driver gives a command to go will be counted as a pull and measurement will be recorded except in case of breakage which entitles team to another pull.

Whistle or signal shall be given when team has made the distance or committed an error nullifying distance. Driver must stop team immediately after said signal.

ALL TEAMS must take first pull. Each team shall take first and second pull while hitched to load. Drivers may forfeit second pull. Third pull may be taken after all teams had first and second.

Each team shall be driven by one driver through entire contest except in case of injury.

Judges decision at the beginning of contest, whether driver shall ride if possible. Each driver will be allowed two helpers in hitching, but in no case will helper be allowed to touch load or horses or speak to horses or driver while team is pulling. A header may be used if needed.

Drivers shall not prod, whip or touch horses while pulling; drive with reasonable tight lines, and in no case will a driver be allowed to whirl or shake lines over horses or above his own head while pulling. No driver will be allowed to jump double trees.

Undue abusive treatment to horses on or off the pulling field or under profanity can disqualify contestants if judges see fit.

There shall be at least three judges for each contest and a majority shall determine decision.

WEIGHT for start of pull shall be determined by the officials so as to hold down number of pulls and still give the spectators a good show.

In no case shall more than 1,000

lbs. be added if one third of teams are eliminated except in case of a percentage or weight pull where the handicap on certain teams must be greater.

Each contestant must present a weight slip of team within weight limit to compete in pull and horses that are to pull together must be weighed together. Weighing weight master at time and place designated before pull.

Members of the committee must be present at the scales at time of weighing. All lightweight teams must be 3,200 lbs., under a total of 8,201 lbs. or over will be considered as heavyweight teams.

Teams will pull in order they weigh in at scales or entries accepted.

Driver must be ready when his turn comes to pull. Willful waiting will not be tolerated. Two trials at trying to hook will be counted a pull.

There will be no changing of bridles after contest starts. Any driver that drops blinds, teams will be disqualified for that pull.

No light weight horses will be permitted to pull in heavy weight contest except in cases of not enough teams to make a good pull and with the consent of the judges.

IN CASE of breakage, team will leave the court and come in at end of round for its turn and pick up their proper place in the next round.

In case of tie on longest distance, the second longest distance already pulled will take top place.

No. 1 class is over 3,200 lbs. and No. 2 Class is under 3,200 lbs.

**Ohio Idle Pay Claims Show Little Fluctuation**

The Bureau of Unemployment Compensation said in that week new claims increased from 17,399 to 17,780, and continuing claims dropped from 103,866 to 101,666. In July of last year, the weekly average of new claims on file was 9,428, and that of continuing claims 42,663.

Crashing, Smashing Auto Show Slated for Wednesday at Fair

Two hours of fun and excitement are in store at the Pickaway County Fair when Stoney Roberts and his All-American Daredevil perform in a rousing act.

Robert's thrilling, crashing, smashing automobile and motorcycle show will be presented Wednesday by a troupe of seasoned stuntmen who have appeared on racetracks all over America. The show starts at 8 p. m.

There will be "hell diving" at its best, high-ski wingovers and reverse spins. All are executed by experienced drivers in new sedans and convertibles.

Thrilling motorcycle riding and boardwalk crashes will be presented. Cars will be crashed and rolled. ROBERTS said the grand finale is a stunt no other thrill show dares present — the famed leap over a transcontinental bus. He said a car and driver ascends

high ramp to jump 90 feet through space to land crashingly in a pile of junker automobiles.

The show will be presented at the grandstand area.

**Kissings Just a Game**

BOWLING GREEN, Ohio (AP)—Kissing is an increasingly important factor in many games, says an assistant professor of psychology at Bowling Green State University, but a strong element of chance also is present.

Thus, concludes Dr. Brian Sutton-Smith, no one is inclined to take the kissing too seriously.

"We need to remember," says the professor, who is studying personality development, "that this is the age of tongue tied early dating. Kissing games provide a means for a socially acceptable relationship with the opposite sex."

## Police Captains, Judges To Duel

TOLEDO, Ohio (AP)—Two Toledo police captains plan to shoot it out with a pair of municipal judges for the honor of the force.

Captains Robert Duck and Ted Kwiatkowski lost a pistol match recently to Judge Nicholas Walinski and attorney John Callahan at a Toledo bar Association outing at Cedar point.

"I wasn't at my best," Duck admits.

Municipal Judge George Kiroff, who claims to be a better shot than attorney Callahan, suggested that a Kiroff-Walinski team would be even tougher competition.

The captains accepted the challenge. They picked the police pistol range as a site for the match and said a date would be selected later.

Mormon leader Brigham Young asked his followers to work for themselves, that "I do not feel disposed to ask the Lord to do for me what I can do for myself."

## Mechanical Tug-of-War Set For Two Days during Fair

The annual mechanical tug-of-war — the Championship Tractor Pulling Contest — will be staged Tuesday and Wednesday during the 1960 Pickaway County Fair.

The highly contested tractor pull starts at 10 a. m. on both days, but the finishing hour is never known, but probably will run into the early morning hours if past events are any indication.

The man and machine test of endurance and skill is one of the fair's most popular events. Entry fee is \$3. Event directors are Harold Gibson, chairman, Paul Peck, Loring Leist and Wayne Brown.

Anyone capable of driving a tractor and abiding by contest rules is eligible to enter. Rules of the contest follow.

### Witnesses Forgotten

LEXINGTON, Ky. (AP) — When the judge recessed a murder trial for dinner before a night session, nobody remembered to tell nine witnesses about it.

The witnesses were in the witness room, in another part of the courthouse.

One witness, however, looked out a window and saw officers of the court walking down the street. When a check of the courtroom showed nobody there, the witnesses hurried to the nearest restaurant.

A Metropolitan Opera star who also makes personal and television appearances, and does recordings, can earn about \$100,000 a year.

Mrs. Olive Klaver and friends went into action because pressure almost glues some types of suits to divers who have been down 60 to 80 feet.

The suits are custom made. The diver, clad in bathing suit, lies on a sheet of heavy paper which is cut to size. The suits are made of three-quarter-inch neoprene foam rubber. All seams are cemented and reinforced. About \$35 worth of material goes into each suit.

## Unconvincing Alibi

NASHVILLE, Tenn. (AP) — Thomas E. Parker told police he climbed a tree outside a nurses' home looking for a bird's nest.

But a nurse complained Parker was a peeping tom. Police, who said Parker had climbed about 50 feet up, charged him with disorderly and offensive conduct.

YOUNG FARMERS AT WORK — One of the joys of any fair is the farm youth's interest in his animals. Here some of the younger set are preparing for the show ring. The real heart-rending scenes are Friday night when the youngsters sell their animals at auction.

## Young Revere Walks

OMAHA (AP) — Paul Revere had to walk but his horse hitched a ride.

It happened after Gary Young, 16, had donned a cocked hat and frock coat and prepared to ride several miles through the city to publicize a charity horse show.

What spoiled the plan was a city ordinance prohibiting horses on Omaha thoroughfares without a parade permit.

Despite 89-degree heat, Gary covered the planned route — on foot. The horse rode along beside him in a trailer.

IKE TAKES CONTROL(S) — Before leaving to make a speech at the Republican National convention in Chicago, President Eisenhower took the controls of the nuclear submarine Patrick Henry during an inspection of the craft in Newport, R. I., harbor. The Chief Executive also watched a dummy missile fired from the deck of the submarine.

# Art Drawing Of Nuclear Plane Released

WASHINGTON (AP)—The Air Force today released an artist's conception of a possible nuclear-powered aircraft design.

The Convair Division of General Dynamics Corp. at Fort Worth, Tex., developed two designs to meet Air Force requirements for atomic powered airplane should be. One was made public several weeks ago.

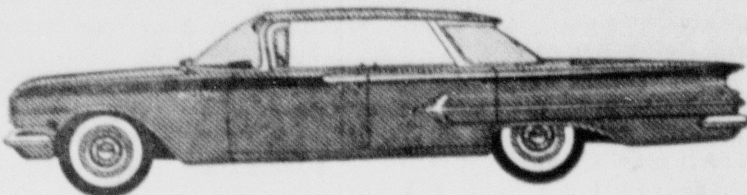

The design put on view today features a long-bodied air frame, flattened out in the rear, with sharply swept wings similar to late models of conventional jet-powered craft.

The rear section would house the nuclear power plant which embodies direct air-cycle nuclear engines of a type under development by the General Electric Co. This version also shows a pair of conventional jet engines mounted under the wings of the plane.

The version made public earlier appears more radical in design. Viewed from above, the frame resembles the shape of a duck. It lacks the long tail or tails generally featured in aircraft.

This duck-type craft was designed to employ an indirect-cycle engine under development by Pratt & Whitney Aircraft.

## Mistrial Declared In Manslaughter Case in Cleveland

CLEVELAND (AP)—A mistrial was declared Thursday in the manslaughter trial of Mrs. Elizabeth Downey, because her attorney became ill shortly before the case was scheduled to go to the jury.

Mrs. Downey is accused of the fatal shooting of her husband, Francis X., in Bay Village last April 13. Her plea was self defense.

A week ago, on what was expected to be the final day of the trial, attorney Edward C. Stanton, 72, suffered a stroke and was unable to declare a recess, Judge William Jo McDermott today declared a mistrial.

The judge also dismissed the jury. Frank G. Mercer, a member of Stanton's law firm, objected that the judge had no legal power for the discharge. Then he offered a motion that to hold another trial would place the defendant in jeopardy the second time, which is prohibited by law. He said this motion would be carried, if necessary, to the Ohio Supreme Court.

MARIETTA, Ohio (AP)—When Mr. and Mrs. Elmer L. Sandford sold a tract of land near here to their grandson and wife, Mr. and Mrs. C. Lynn Sandford, they left little doubt that there might be other occupants on the property.

The description of the land record reads in part: "... containing 2.725 acres more or less and about 400 snakes of all descriptions."
